

## MEEHAN ELECTRONICS CORPORATION

### STANDARD TERMS AND CONDITIONS OF PURCHASE

This document sets forth the terms and conditions which govern all purchases of goods and services by MEEHAN ELECTRONICS CORPORATION companies.

1. **Definitions.** As used throughout these Standard Terms and Conditions of Purchase (hereinafter Terms and Conditions) and any other contract or purchase order referencing these Terms and Conditions, the following definitions apply unless the context requires otherwise:
  - 1.1. "MEC" means any MEEHAN ELECTRONICS CORPORATION entity issuing a purchase order.
  - 1.2. "Seller" or "Supplier" shall mean the contracting party with whom the order is placed.
  - 1.3. "Order" or "purchase order" or "Contract" (if the context so requires) shall mean the authorized ordering mechanism placed by MEC with Supplier for Articles, including the Terms and Conditions of Purchase set forth herein.
  - 1.4. "Government" shall mean the United States Government or any department or agency thereof.
2. **Acceptance.**
  - 2.1. **Acceptance of MEC's Offer.** Any purchase order issued by MEC to any Supplier ("Supplier") is an offer by MEC, which becomes binding on the terms contained therein and herein when it is accepted by Supplier. Supplier will be deemed to have accepted such offer on MEC's terms if Supplier commences working on the goods or providing the services, or ships the goods, which are the subject of the purchase order, or if Supplier issues a written order acknowledgement. Any acceptance by Supplier of a purchase order is limited to acceptance of the express terms of the purchase order, specified MEC Purchase Order Requirements or other documents incorporated in the purchase order by reference, and these terms and conditions and Schedule A attached hereto.
  - 2.2. **Attempts to Alter Terms Rejected.** Any attempt by Supplier to alter the terms offered by MEC, or to propose additional terms, will be considered invalid and rejected by MEC unless MEC specifically accepts in writing such alterations. The altered or additional terms proposed by Supplier and deemed rejected by MEC hereby will be considered a material alteration of MEC's offer, and MEC's offer will be deemed rejected by Supplier without such altered or additional terms.
  - 2.3. **Prior Offer by Supplier.** If any purchase order issued by MEC to Supplier is deemed to be an acceptance of a prior offer by Supplier, MEC's acceptance of such prior offer will be deemed limited to the terms and conditions contained herein and in the purchase orders issued by MEC. In such cases, any other terms deemed to be part of Supplier's offer will be deemed material and rejected by MEC; but such rejection by MEC will not be deemed to operate as a rejection of Supplier's offer unless the rejected terms are those of price or quantity.

### PRICING, DELIVERY, INVOICING, PAYMENT TERMS, ETC.

3. **Packing, Marking and Shipping.** Supplier shall pack, mark and ship all goods and supplies in accordance with the requirements of MEC's Packing, Marking and Shipping Instructions as

presented by MEC to Supplier from time to time, subject to any reasonable modifications set forth in the relevant purchase order, and so as to be in material and structural compliance with all applicable transportation regulations and good commercial practice for protection against damage from weather and shipment, including any applicable Federal, state and local laws and regulations for the packaging, labeling, transportation and shipping of hazardous materials. Supplier shall follow MEC written shipping instructions and secure the most advantageous transportation services and rates consistent therewith. No separate or additional charge is payable by MEC for containers, crating, boxing, handling, dunnage, drayage or storage unless specifically stated in the purchase order or otherwise agreed to by MEC in writing. Supplier shall mark each container with the number of the purchase order, part number and any other markings called for on the face of the purchase order, and shall enclose a packing slip with the purchase order number item description, part number, serial number, quantity and total number of containers in an envelope attached to each container. Certifications required on the face of the purchase order or by the technical data must also be included with the shipment of articles. Damage resulting from improper packing or shipping will be charged to Supplier.

**4. Invoicing, Payment Terms.**

**4.1. Invoicing.** All invoices are to be sent to MEEHAN ELECTRONICS CORPORATION at the address stated in the purchase order. In order to be considered for payment, each invoice must:

4.1.1. Show the relevant MEC purchase order number;

4.1.2. Itemize any taxes to be paid by MEC;

4.1.3. Contain line item number from the MEC purchase order, description, unit price, quantity and extended price, if any;

4.1.4. Contain the name of the person requesting the material or service, if requested by MEC;

4.1.5. If requested by MEC by written notification contain Supplier's certification that all goods and services reflected therein were produced and supplied in compliance with the requirements of the Fair Labor Standards Act of 1938, as amended, and of regulations and orders of the U.S. Department of Labor issued there under.

**4.2. Delays for Non Compliance.** Failure to comply with invoice requirements outlined herein may result in a delay in payment by MEC until such a time that Supplier has remedied such non-compliance.

**4.3. Offset; Withholdings.** MEC may offset against any amounts due under Supplier's invoices: (a) any damages resulting from Supplier's default under or breach of any contract (including any purchase order and these terms and conditions); (b) any amount owing from Supplier to MEC; or (c) any adjustment for shortage or rejection and any costs occasioned thereby. In the event that MEC becomes aware of potential violation of any governmental law, regulation or order or contractual obligation by Supplier in relation to its performance hereunder, MEC may withhold, without liability or interest, any payment due hereunder associated with matters relating to such potential violation, pending investigation and resolution of such potential violation.

**4.4. Payment Terms.** Unless otherwise provided under the applicable purchase order or written agreement between MEC and Seller, payment terms shall be net sixty (60) calendar days. The term of any payment provided for in the purchase order, and all discounts related thereto, shall

be calculated from (i) the date the items are received, (ii) the date the items are scheduled to be received, or (iii) the date an acceptable invoice is received, whichever is later.

- 4.5. **Payment Date; Discounts.** If, in its discretion, MEC accepts any shipment ahead of schedule, MEC may make payments therefore on the basis of the scheduled delivery date. The date for the calculation of MEC's entitlement to take a discount under any Supplier invoice will be the date materials acceptable to MEC are delivered, or the date an acceptable invoice is received, whichever is the later.
- 4.6. **Taxes.** All prices indicated in purchase orders include all applicable taxes, impositions including but not limited to import and export duties and other similar charges, unless specifically indicated otherwise in such purchase order.
5. **Delivery.** Delivery shall be FOB MEC's designated place of delivery stated on the purchase order.
- 5.1. Supplier will deliver acceptable goods and services in strict conformity with any delivery schedule set forth in any purchase order, subject to any delays as a result of any force majeure, or other circumstance or event beyond the reasonable control of Supplier. Supplier will bear the cost of any normal (except to the extent explicitly specified otherwise under the relevant purchase order) or extraordinary (in any case) shipping charges necessary to meet the delivery schedule specified in any purchase order.
- 5.2. The purchase order delivery schedule and quantities are to be strictly adhered to. Supplier will not deliver any goods or render any services in advance of the schedule specified in the relevant purchase order, and will not order materials or services necessary for delivery of goods or rendering of services to MEC in advance of Supplier's normal and reasonable order requirements ("flow-time"). Any goods delivered to MEC in advance of schedule may be returned by MEC to Supplier at Supplier's cost, and will be stored by Supplier at Supplier's cost. Any deviation from the delivery schedule and/or delivery quantities may result in the complete or partial return of the delivered product. Further, any delivery containing less than the scheduled delivery quantity may have payment withheld until the balance of the parts are delivered.
6. **Most Favored Customer.** Supplier warrants that it will not charge MEC more for any goods or services, or any item thereof, than it charges its best customers under comparable conditions. Supplier will adjust prices upon discovery of any amounts paid by MEC, which reflect a breach by Supplier of the immediately preceding sentence and refund any excess payments made by MEC. MEC or its representatives may at any time audit all pertinent books, records and files of Supplier in order to verify compliance with this paragraph.

#### **INSPECTION, WARRANTY, CHANGES ETC.**

7. **Inspection.**
- 7.1. **Right to Inspect.** All goods and services ordered by MEC pursuant to any purchase order are subject to inspection before or after receipt by MEC, notwithstanding the earlier passing of title to MEC, or any prior payment by MEC, or any prior inspection of any type. MEC's inspection may, in its sole discretion, include physical, visual and/or mechanical review, as well as any

documentation necessary to substantiate the meeting of quality requirements or specific requirements set forth in the purchase order.

- 7.2. **Correction, Rejection.** If any goods and services are in MEC's reasonable business judgment defective in material or workmanship or not in conformity with the drawings, specifications, samples or other requirements of the relevant purchase order, MEC shall notify Supplier. If Supplier fails to correct the defect or non-conformity within a timeframe appropriate to support MEC manufacturing needs after such notice, MEC may, in addition to any other rights under the purchase order, these terms and conditions or otherwise, correct or have corrected the defect or nonconformity at Supplier's expense. Rejected goods may be returned by MEC to Supplier at Supplier's risk and expense, including without limitation all costs (including MEC's personnel costs) of unpacking, examining, repacking and reshipping, and transportation of, such goods.
- 7.3. **Right of Recovery.** In addition to any other rights it may have under the relevant purchase order, these terms and conditions, or otherwise, MEC may recover any and all costs, expenses and damages paid, incurred or suffered as a result of or relating to holding, returning, replacing, correcting or rejecting defective or nonconforming goods or services to the extent that such costs, expenses or damages resulted from Supplier's action or inaction.
- 7.4. **On-site Inspection.** Work performed under any MEC purchase order is subject to inspection at Supplier's plant by authorized representatives of MEC, MEC's customers or their customers or any governmental entity asserting authority or jurisdiction, or, in the case of a government contract, the government, during normal business hours upon reasonable prior notice to conduct inspections and tests of any finished or unfinished products subject to any MEC purchase order. Supplier will make available its facilities to accommodate the safety and reasonable convenience of such representatives. Supplier will include a like provision in its subcontracts issued in conjunction with any MEC purchase order. When reasonably requested upon reasonable prior notice, representatives of Supplier will accompany MEC, its customers or their customers or the government to Supplier's subcontractor's facilities for such inspection and testing.
- 7.5. **Right of Entry.** MEC and its customers, subcontractors and regulatory agencies shall be allowed entry and are hereby authorized to enter into the premises of the Supplier to inspect and otherwise verify the quality of work, records and material at any place including the Supplier and Supplier's subcontractor manufacturing facilities. Supplier must coordinate any such entry with MEC's Purchasing Department.
- 7.6. **No Waiver.** The inspection, review or approval by MEC of any work, or of any drawing, design or other document, will not be deemed to relieve Supplier of any of its obligations under any purchase order or constitute a waiver of any defects or nonconformities. The acceptance by MEC of any goods or services under any purchase order will not be deemed to limit or affect any warranty or right of indemnity granted by Supplier under such purchase order, these terms and conditions or otherwise.
8. **Changes.**
- 8.1. **Changes and Adjustments.** MEC may at any time, by written order (and without notice to sureties), make changes within the general scope of any purchase order in any one or more of

the following: (i) drawings, designs, specifications or other technical documents; (ii) quantity, (iii) time and place of delivery; and (iv) delivery schedules. Without limiting the foregoing, MEC may at any time and from time to time modify its Shipping Packing, and Marking Instructions or the Invoicing Instructions contained above by delivery of a revised version thereof to Supplier. Supplier will implement any such changes; provided, that if any such change causes an increase or decrease in the cost of or time required for performance of any work under a purchase order, an appropriate adjustment in the price and/or delivery schedule will be agreed to by MEC and Supplier. Notwithstanding the foregoing, no adjustment to the benefit of Supplier will be made: (a) for any change to delivery schedule when delivery is rescheduled within twelve (12) months of the originally scheduled delivery date; or (b) for any change made necessary by reason of defects or nonconformities for which Supplier would be liable under the terms of the order and these terms and conditions or otherwise; or (c) for any change to delivery schedule if the amended delivery schedule is commensurate with any delivery schedule changes received by MEC from its customer. Any claim by Supplier for adjustment will be made in writing within twenty (20) days from the date the change was ordered by MEC, and will set forth the amount claimed and the reasons therefore. Upon prior written request and subject to MEC maintaining the confidentiality thereof, Supplier will make available its books and records for MEC's examination to allow MEC, its authorized representatives and its customers (including the government if this is a government contract) to verify any claim for adjustment by Supplier. If MEC and Supplier are unable to agree upon an adjustment in the event of any change directed by MEC, the matter will be resolved in accordance with the dispute resolution procedures set forth in the Paragraph of these terms and conditions entitled "Dispute Resolution." Pending resolution of any such adjustment, Supplier will diligently pursue the performance of the order as changed. Notwithstanding the above, if MEC enters into an agreement with a customer, which provides for no cost increase as a result of changes to delivery or work schedule, this same provision will apply to any purchase order(s) issued hereunder to the Supplier.

**8.2. Authority to Order Changes.** Changes may be ordered by MEC only in writing issued by an authorized representative of MEC's Purchasing Department, which expressly states that it constitutes a change to a specified purchase order. If Supplier believes that any other conduct has constituted a change under an order, it will notify MEC immediately in writing as to the nature of such conduct and its effect upon Supplier, but will take no steps to implement a change absent written direction from an authorized representative of MEC's Purchasing Department consistent with the preceding sentence.

**9. Suspension of Work.** MEC may, at any time, by written stop-work order to Supplier, require Supplier to stop all, or any part, of the work called for by a purchase order for a period of 90 days after the order is delivered to Supplier, or longer in the event of a design change or if MEC receives a stop-work order from its customer, and for any further period to which the parties may agree. Upon receipt of the order, Supplier will immediately take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within the indicated 90-day or other period, MEC will either (i) cancel the stop-work order, or (ii) let such stop-work order expire, or (iii) terminate the work covered by the stop-work order either for default if MEC has given notice of such default to Supplier and Supplier has had a reasonable period of time to

correct such default or for convenience as set forth in the Paragraph below entitled "Termination For Convenience", in accordance with these terms and conditions and the relevant purchase order. If a stop work order is cancelled or allowed to expire, and the suspension effected thereby has a material effect on Supplier's costs or ability to meet the purchase order's delivery schedule, MEC will make an adjustment in the delivery schedule or purchase price (but with no increase in profit allowed), or both, and the purchase order will be modified accordingly, but only if requested by Supplier in writing within thirty (30) days after the suspension ends.

10. **Warranties.** Supplier warrants to MEC that all goods and services furnished to MEC will conform to applicable specifications, instructions, drawings, blueprints, data, samples and any other descriptions, will be of good material and workmanship and free from defects, including defects in design where design is Supplier's responsibility, and will be free from all liens and encumbrances, and will be new, merchantable and fit for the purpose intended. All warranties will survive inspection, test and acceptance of and payment for the relevant goods and services.

10.1. This warranty shall run to MEC and its successors, assigns and customers. This warranty shall begin after MEC's final acceptance. MEC may, at its option, either (i) return for credit or refund, or (ii) require prompt correction or replacement of the defective or non-conforming Goods. Return to Supplier of defective or non-conforming Goods and redelivery to buyer of corrected or replaced Goods shall be at Supplier's expense. Supplier shall be liable for costs of inspecting, assessing, gaining physical access to, and removal of any installed non-conforming goods or services or adjoining goods.

10.2. Deliveries of corrected or replaced Goods or services shall be accomplished promptly and shall be accompanied by written notice specifying that such goods or services are corrected, repaired or replaced. MEC's remedies with respect to this warranty shall not be limited, restricted or disclaimed in whole or part by any other terms or conditions. MEC retains all its rights at law and in equity for Supplier's breach of warranty.

10.3. Goods required to be corrected or replaced shall be subject to this article and further inspection rights in the same manner and to the same extent as goods originally delivered under this contract, but only as to the corrected or replaced part or parts thereof. Even if the parties disagree about the existence of a breach of this warranty, Supplier shall promptly comply with MEC's direction to (i) repair, rework or replace the goods or (ii) furnish any materials or parts and installation instructions required to successfully correct the defect or nonconformance.

11. **Progress Reporting.** Supplier will submit progress reports and other charts and materials to provide complete visibility of planned program tasks and progress against such tasks, in any format or schedule requested by MEC.

#### **PROPRIETARY ITEMS, CONFIDENTIALITY, ETC.**

12. **Proprietary Information.** Supplier will maintain the confidentiality of all information furnished by MEC as confidential and will not disclose any such information to any other person, or use such information for any purpose other than performing under the purchase order to which it relates. The preceding sentence applies, without limitation, to designs, inventions, software programs,

source codes, materials, models, processes, drawings, specifications, data, reports and other technical or business information and the features of all parts, equipment, tools, gauges, patterns and processes disclosed to Supplier by MEC; and, to information supplied in electronic form, including CAD/CAM and computer aided engineering data. Supplier will not sell any such information, and will deface or otherwise render unsuitable for use any such information of which Supplier disposes. Subject to the specific instructions of MEC, upon fulfillment or termination of any purchase order, and as otherwise directed by MEC, Supplier will at its own expense dispose of all information supplied by MEC. MEC or its representatives may at any time audit all pertinent books, records and files of Supplier in order to verify compliance with this paragraph. Supplier will, in all of its contracts with its suppliers relating to any MEC purchase order, include provisions, which secure for MEC the rights and protections provided for by this paragraph. Notwithstanding the foregoing, the term "Confidential Information" shall not include any information that is: (a) in the public domain through no fault of Supplier; or (b) independently developed by Supplier without breaching this Agreement or by parties who have not had, either directly or indirectly, access to or knowledge of the Confidential Information. The foregoing obligations are in addition to and not as a replacement for any obligations under any nondisclosure agreements in place between the parties.

13. **Patent Infringement Indemnity.** Supplier will defend MEC, subcontractors of MEC, and any subsequent customers, owners, suppliers, users or operators of the goods or services delivered in accordance with MEC's specifications against all claims and in all proceedings alleging infringement of any United States or foreign patent or copyright in the manufacture or sale of any goods or services delivered to MEC, and Supplier will indemnify and hold MEC harmless from any resulting liabilities and losses.

14. **Non-Disclosure of Transactions.** Supplier will not, and will require its suppliers and subcontractors to not, advertise or publish the fact that MEC has ordered goods or services from Supplier, or the terms or nature of such order. Supplier will not, and will cause its employees and other representatives to not, disclose such information in company periodicals, press releases, public lectures, theses, sale or other promotional literature, or otherwise, unless such disclosure has been approved by MEC in writing.

15. **Intellectual Property Rights**

15.1. All intellectual property rights (including without limitation patents, utility models, design rights, copyrights, trade marks, rights in confidential information including know-how, in each case whether registered or unregistered and including all applications or rights to apply for such rights) in any and all specifications, designs, drawings, notes, data, documentation, information and other intellectual property that:

15.1.1. are supplied by or on behalf of MEC to the Supplier; and/or

15.1.2. arise from the performance of work in pursuance of a purchase order; and/or

15.1.3. are included in the goods or services supplied by Supplier under any purchase order, shall (in the case of (i) above) remain the property of MEC and (in the case of (ii) and (iii) above) be considered as a work for hire and be deemed to be the property of MEC, and the Supplier shall promptly take all necessary steps and do all necessary acts (at Supplier's sole expense) to vest such intellectual property rights in MEC. Supplier assigns all rights, title and interest to any such design and any such copyright to MEC including all rights to

registration, publication, rights to create derivative works and all other rights that are incident to ownership. In the event that any court holds such creative works not to be works for hire, Supplier agrees to assign such intellectual property rights to MEC at MEC's request in consideration of the price paid for goods or services hereunder.

15.2. Such intellectual property and intellectual property rights shall not be used by Supplier except to the extent required for the purposes of the purchase order, nor copied or communicated by Supplier to any other party, without the prior express written consent of MEC.

15.3. All such specifications, designs, drawings, notes, data, documentation, information and other intellectual property referred to in (a) above shall be returned/provided (together with all copies thereof) to MEC immediately upon request or in any event on completion or termination of the purchase order or upon termination of this Agreement.

15.4. The Supplier represents and warrants that the purchase, use, sale and/or other exercise of the goods or supplies by MEC and/or its customers will not infringe any intellectual property right(s), including without limitation any patent, utility model, design right, copyright, trade mark, right in confidential Information including know-how, in each case whether registered or unregistered, in existence or pending anywhere in the world at the date of delivery of the goods or services supplied.

16. **Tools and Materials.** Title to and the right of immediate possession of all tools, dies, patterns, software, numerically controlled media and programs, manufacturing programs, replacements and materials used by Supplier in manufacturing goods under a purchase order ("special tooling and materials") will be and remain in MEC (or MEC's customer if applicable). All special tooling and materials will not be used in the production of larger quantities than those specified by MEC in a purchase order. Upon completion of any relevant purchase order, all special tooling and materials will be delivered to MEC or disposed of by Supplier as MEC shall direct. All special tooling and materials will be segregated by Supplier at Supplier's plant and clearly marked as belonging to MEC and will be used solely in the performance of work ordered by MEC, will be insured against loss by the Supplier, and will not be copied. Supplier assumes complete liability for all special tooling and materials while in Supplier's possession. Supplier will reimburse MEC for damage to MEC's special tooling beyond normal wear and tear while in Supplier's possession. MEC reserves the right to use at any time all special tooling and materials. Supplier will be responsible to MEC for any and all consigned materials. Supplier will communicate to MEC, in such manner and such times as MEC directs, any and all instances wherein Supplier fails to yield prescribed requirements from MEC's material. Upon completion of specific purchase order requirements, Supplier will furnish to MEC any and all residual materials and an accounting of any and all deviations from the prescribed order requirements. At MEC's direction, Supplier will at its cost return to MEC any "off fall" material. If any item fabricated by Supplier from material furnished by MEC is defective, or any furnished material is damaged while in Supplier's possession, Supplier will reimburse MEC to the full extent of its damages.

**INDEMNIFICATION, INSURANCE ETC.**

17. **Indemnification.** Supplier will defend, indemnify and hold harmless MEC and its affiliates, and their officers, agents, employees, successors and assigns, against any claims, loss, damage or expense, including, without limitation, payment of direct, special, incidental and consequential damages, and expenses of defending claims including attorneys' fees, arising out of or relating to Supplier's breach of obligations or negligence or willful misconduct with respect to the order. This duty to defend, indemnify and hold harmless extends only to any suit, claims, judgment or demand which arises out of or in connection with Supplier's performance or nonperformance of any purchase order placed by MEC, out of or in connection with Supplier's breach of warranty, out of any defect in the goods or services whenever discovered, out of any patent infringement or misappropriation of trade secrets by Supplier other than pursuant to specifications or instructions provided by MEC, or failure of Supplier to pay royalties, or any other breach of Supplier's obligations hereunder whether such claim or suit is based upon contract, warranty, strict liability in tort, negligence, or other legal theory, and also extends not only to "third party claims" but also to any loss suffered by MEC.
18. **Insurance.** Supplier will, at all times, maintain with reputable insurance companies, comprehensive general liability insurance in the minimum amount of \$1 million and aviation products liability insurance in the minimum amount of \$50 million (both to include coverage for any liability under any MEC purchase order and these terms and conditions). At MEC's request, Supplier will name MEC as an additional insured under such policies, and will provide to MEC a certificate of such insurance providing for 30 days prior written notice to MEC of cancellation or material change. Supplier will maintain workers' compensation insurance sufficient to cover all of its general and special employees engaged in work pursuant to any MEC purchase order and insurance against liability for personal injury or death or destruction of or damage to property arising out of work in fulfillment of any MEC purchase order, and will provide prompt evidence to MEC of such coverage upon MEC's request.

#### **DEFAULT, TERMINATION ETC.**

19. **Default.**

- 19.1. **"Default".** Time is of the essence in the purchase order. It is a default under any purchase order and these terms and conditions if Supplier: (i) refuses or fails to deliver any goods or perform any services within the time specified in such purchase order except as provided herein; (ii) fails to comply with any other provision of such purchase order or these terms and conditions; (iii) fails to make progress so as to endanger performance of such purchase order in accordance with its terms and these terms and conditions, or repudiates such purchase order; or (iv) suspends its business or become insolvent or subject to any law relating to bankruptcy, insolvency or relief from creditors, or takes any action in anticipation thereof.
- 19.2. **Termination for Default.** In the event of any default by Supplier under any purchase order or these Terms and Conditions, MEC may terminate such purchase order (and all related purchase orders), with no liability to Supplier whatsoever. In the event of any such termination for default, Supplier will be liable to MEC for any and all damages resulting from Supplier's default.

- 19.2.1. If MEC terminates any purchase order for default in whole or in part, it may acquire, under commercially reasonable terms supplies or services similar to those terminated, in which case Supplier will be liable for any excess costs for those supplies or services. Upon a termination in part, Supplier will continue any work not terminated.
- 19.2.2. If, after termination, it is determined that the Supplier was not in default, or that the default was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for MEC's convenience under the Paragraph below entitled "Termination for Convenience."
- 19.2.3. The rights and remedies of MEC in this paragraph are in addition to any other rights and remedies provided by law or under this contract.
- 19.3. **Remedies.** The rights and remedies herein reserved to MEC shall be cumulative and additional to any other rights and remedies provided in law or equity, including without limitation the right to reclaim goods delivered if payment is not made when due.
- 19.4. **Cancellation.** MEC may cancel any purchase order at any time without cost to MEC in the event that MEC's customer cancels a corresponding order to MEC.
20. **Termination for Convenience.** Whether or not a purchase order relates to a government contract, MEC may terminate any purchase order in whole or in part for any reason in accordance with the procedures established in the termination clause set forth in the United States Federal Acquisition Regulation (FAR 52.249-2) and the policies and principles set forth in Part 49 of the FAR, all of which are hereby incorporated by reference, except that in FAR 52.249-2: (i) the term "Contractor" shall be deemed to mean Supplier; (ii) the terms "Contracting Officer" and "Government" shall be deemed to mean MEC; (iii) the one year period in paragraph (d) for submitting a final termination settlement proposal is reduced to sixty (60) days; and (iv) the 90-day period in paragraph (k) for submission of a proposal for an equitable adjustment of the price in the event of a partial termination is reduced to thirty (30) days.
- 20.1. The Supplier shall use its best efforts to mitigate the costs arising from such termination. In no case shall the amount payable by MEC for the terminated work exceed the price which would have been payable by MEC had the work been completed.
- 20.2. MEC reserves the right to take possession of and title to any partly completed work, including but not limited to any relevant tools, fixtures, jigs or documentation. The failure of Supplier to file a claim within the applicable period in accordance with the FAR and the immediately preceding sentence will constitute a waiver and be the basis for a complete denial of any such claim.
- 20.3. The provisions of this Paragraph shall not be deemed to limit or affect the rights or remedies of MEC provided elsewhere in any purchase order, these terms and conditions, or provided by law in the event of default or breach by the Supplier.
- 20.4. MEC's Limitation of Liability – MEC shall not be liable to Supplier for manufacture or procurement of materials in advance of the Leadtime in accordance with the latest purchase order delivery schedule. If any revision of the purchase order or Forecast affects a Product for which Supplier was authorized to commence manufacture of Product by prior versions of the Purchase Order or Forecast in accordance with Leadtime requirements, MEC shall be liable for manufacture of product within the Leadtime requirements of such prior Purchase Order or

Forecasts. As a material term of this agreement Supplier agrees that any manufacture or order of materials in advance of Supplier's lead-time shall be solely at Supplier's risk and MEC assumes no liability for manufacture or procurement in advance of Supplier's lead-time. In the event of a termination or an engineering change resulting in obsolescence, no claim will be allowed for any such manufacture or procurement in advance of such Leadtime unless an update to the Purchase Order or Forecast: (i) affects a Product for which Supplier was authorized to commence manufacture by the prior revision of the Purchase Order or Forecast in accordance with Leadtime requirements; (ii) Supplier notified MEC in writing of the specific Product affected; and, (iii) Supplier complied with the written direction of the MEC with respect to such affected Product or Products.

### **COMPLIANCE WITH LAW ETC.**

21. **Compliance with Law.** Supplier represents and warrants that all of the goods and services provided by Supplier will comply, and will be manufactured and furnished by Supplier in compliance with, all applicable federal, state and local laws, regulations, orders and ordinances, including the Export Regulations (defined below) and including those applying to goods sold to the U.S. Government or for shipment in interstate commerce, and upon reasonable request Seller will provide evidence of such compliance.
22. **Certifications.** Supplier hereby certifies that the goods called for by the purchase order have been or will be produced in compliance with the Fair Labor Standards Act of 1938 (29 U.S. Code 201-219) and, insofar as applicable to the purchase order, the Walsh-Healey Public Contracts Act (41 U.S. Code 35-45) and the Work Hours Act of 1962 (40 U.S. Code 327-332), and any amendments thereof. Supplier further certifies that it has and will comply with Executive Order 13201 issued February 17, 2001 and all laws and regulations concerning the export and import of goods and technical data. Supplier agrees upon request to supply all certifications and information reasonably requested by MEC.
23. **Nondiscrimination.** Unless exempted by the Secretary of Labor under Section 204 of Executive Order 11246 as amended, there are incorporated herein by reference paragraphs (1) through (7) of the contract clause set forth in section 202 of Executive Order 11246, provided that where necessary, the term "Contractor" will mean the Supplier and the term "Contract" will mean each purchase order. Where applicable, there are also incorporated herein by reference the contract clauses set forth in 41 CFR 60-250.4 pertaining to veterans with disabilities, and 41 1CFR 60-741.4 pertaining to all persons with disabilities.
24. **Export Compliance; Release of Technical Information.** Technical information or data, whether classified or otherwise, shall not be disclosed by Supplier to any person or entity in violation of the Export Administration Regulations (EAR) of the United States Department of Commerce, 15 C.F.R. Subtitle B, Chapter 7, Subchapter C; the International Traffic in Arms Regulations (ITAR) of the United States Department of State, 22 C.F.R. Chapter 1, Subchapter M; OFAC Sanctions of the Department of Treasury, 31 C.F.R. Subtitle B, Chapter 5; or any other applicable laws or regulations of the United States ("Export Regulations"). Supplier shall require each person to whom they wish to disclose EAR-controlled and/or ITAR-controlled information to certify agreement to EAR and/or ITAR

non-disclosure requirements. Supplier will provide verification of the individual certifications upon request from MEC. Supplier will also provide citizenship verification information, evidence of completed denied parties checks and description of applicable export authorizations obtained upon request from MEC for each person or entity to whom they wish to disclose EAR and/or ITAR controlled information or for whom they wish to request badge access to any MEC site. Supplier will complete these compliance activities prior to disclosure of controlled information. In performing under any purchase order, Supplier shall further perform all of its obligations in compliance with the Export Regulations.

25. **Hazardous substances; MSDS.** Seller is required to provide a Material Safety Data Sheet (MSDS) if a product is hazardous as defined in OSHA 29 CFR 1910.1200. All MSDS will be provided to the appropriate MEEHAN ELECTRONICS CORPORATION site as stated in the Purchase Order. This provision applies to all orders for chemical products and raw stocks/substrates. Although this provision includes orders for hazardous materials and chemical substances, it is not restricted to such products and may include materials such as raw stocks, substrates, resins, and broad goods.
26. **Hazardous substances; REACH.** The Supplier represents, warrants and undertakes that the supply of products to MEC is in compliance with the European Union Regulation Number 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals ("REACH") (as may be amended and supplemented from time to time); and the Supplier where applicable:
  - 26.1. (i) guarantees that all supplied chemicals to MEC (whether such chemicals are supplied on their own, as part of a preparation (as defined in REACH) or within any supplied article (as defined in REACH)) have been registered with, authorized by or notified to the European Chemicals Agency and appropriately labeled as required by REACH whether that be by the Supplier, by the Supplier's supplier (or in the case of a non-European Community supplier by the supplier's "only representative" pursuant to Article 8 of REACH);
  - 26.2. undertakes to cooperate with MEC and the European Chemicals Agency to ensure that any registration, authorization or notification is made to the European Chemicals Agency in accordance with REACH and to keep MEC fully informed with requisite documentation to comply with REACH;
  - 26.3. guarantees that for all chemicals supplied by the Supplier to MEC (whether such chemicals are supplied on their own, as part of a preparation (as defined in REACH) or within any supplied article (as defined in REACH)), MEC's usage of such chemical substances is covered by any REACH registration or REACH authorization and is included in any safety data sheets or exposure scenarios for such chemical substances;
  - 26.4. has notified and shall notify MEC from time to time of any and all chemical substances listed in Annex XIV of REACH (as may be amended or supplemented from time to time) (Substances of Very High Concern (SVHC)) in any products to be supplied or supplied by the Supplier to MEC; and
  - 26.5. shall procure that its suppliers are in compliance with this paragraph in respect of any chemical substances which the Supplier subsequently supplies (whether such chemicals are supplied on their own, in preparations (as defined in REACH) or within any supplied article (as defined in REACH)) to MEC.

## **CONTRACT INTERPRETATION, GOVERNING LAW ETC.**

27. **Order of Precedence.** In the event of any conflict between these general terms and conditions and the terms of any purchase order or other applicable materials, except as otherwise explicitly agreed in writing by Supplier and MEC, the order of precedence will be: (i) in the case of any purchase order ultimately relating to a U.S. government contract, the FAR; (ii) the terms of any signed long term contract between the parties; (iii) these terms and conditions; (iv) the terms of any purchase order to the extent they are other than those set forth in these terms and conditions; (v) project specifications; and (vi) project drawings.
28. **Force Majeure.** Deliveries or acceptance will be subject to extension of time made necessary by reason of delays or disabilities directly affecting Supplier or MEC, respectively, occasioned by fires, floods or other catastrophes, wars, riots or embargo delays, government allocations or priorities, unforeseeable government restrictions or controls, or unusually severe weather conditions, to the extent such delays and disabilities are beyond their reasonable control in spite of prudent precautions. Performance may be delayed only to the extent reasonably caused by such event, and upon prompt written notice of the event.
29. **Notification of Supplier Labor Disputes.** Supplier will promptly notify MEC if any actual or potential labor dispute threatens to delay the timely performance of any MEC purchase order. Such notice will include all relevant information with respect to such dispute. Neither receipt of such notice by MEC nor any provision of these terms and conditions will be deemed to be a waiver by MEC of any of its rights under any purchase order, these terms and conditions, at law or otherwise, except as provided herein.
30. **Government Contracts.** With respect to any purchase order ultimately relating to a U.S. government contract, the accompanying Schedule A and all Sections thereof forms an integral part of these terms and conditions. By notice to Supplier, MEC may supplement Schedule A with additional sections when Federal Acquisition Regulations are modified to provide for additional mandatory flow-down requirements, and these changes shall be made without cost to MEC.
31. **Assignment and Subcontracting.**
- 31.1. Neither a purchase order nor any interest in a purchase order may be assigned, in whole or in part, by the Supplier without prior written approval by MEC; a change of control of the Supplier shall be considered an assignment requiring prior written approval hereunder.
- 31.2. Neither the entirety nor any part of any purchase order may be further subcontracted by the Supplier without the prior written approval by MEC.
32. **Waiver and Severability.** The failure or delay of either party to insist on performance of any provision of these terms and conditions or any purchase order, or to exercise any right or remedy available under these terms and conditions or any purchase order, will not be construed as a waiver of that provision, right, or remedy in any later instance. Further, if any provision of these terms and conditions or any purchase order is or becomes void or unenforceable by operation of law, the remaining provisions shall be valid and enforceable.
33. **Dispute Resolution.**

- 33.1. Any dispute that arises under or is related to a purchase order and that relates to a matter that gives MEC recourse against the Federal Government under the prime contract or applicable law shall be resolved as follows:
- 33.1.1. Supplier will give MEC a fully supported written claim concerning any such dispute within one year after the claim accrues, but in no event later than final payment under the purchase order, or Supplier shall be barred from any remedy for such claim;
- 33.1.2. For any such claim of more than \$100,000, Supplier shall submit with the claim a certification to MEC and to the contracting officer for the prime contract that: (i) the claim is made in good faith, (ii) the supporting data are accurate and complete to the best of Supplier's knowledge and belief, and (iii) the amount requested accurately reflects the contract adjustment for which Supplier believes the Government is liable; furthermore, such certification shall be executed by a person duly authorized to bind Supplier, and Supplier shall indemnify and hold MEC harmless from damages, judgments, costs (including reasonable attorneys' fees), and other liabilities arising from any breach of such certification of any violation of Section 5 of the Contract Disputes Act of 1978 (41 U.S.C. 604) or any violation of common law or statutory prohibitions against misrepresentations, fraud or false statements;
- 33.1.3. Supplier and MEC will cooperate fully in prosecuting any such claim and will be bound by the outcome;
- 33.1.4. Supplier and MEC will each bear their own costs of prosecuting any such claim; and
- 33.1.5. Nothing in this contract or a purchase order grants Supplier a direct right of action under the Disputes clause of the prime contract.
- 33.2. In case of any dispute, claim or controversy arising in any way, directly or indirectly, from or relating to any purchase order or any performance or work thereunder, the parties shall use all reasonable efforts to resolve the dispute in the ordinary course of business and by discussion and meeting prior to commencement of any litigation or other proceeding.
- 33.3. Waiver of Jury. The parties agree that any dispute, claim or controversy shall (if a trial occurs) be tried to the court sitting without a jury, notwithstanding any constitutional or statutory rights or provisions.**
- 33.4. **Venue and Jurisdiction.** With respect to any dispute involving a purchase order, the parties consent to non-exclusive jurisdiction and venue in any state or federal court in the State of the MEC location issuing the purchase order.
- 33.5. **Continue performance during disputes.** Pending final resolution of any dispute arising under or relating to a purchase order, the parties will proceed with performance of the purchase order, and Supplier's performance will be in accordance with MEC's written instructions, notwithstanding any rights to suspend or stop performance which might otherwise apply.
34. **Choice of Law.** These terms and conditions and any purchase order shall be governed by the laws of the State of the MEC location issuing the purchase order, except that any provision in the contract or purchase order that is (i) incorporated in full text or by reference from the Federal Acquisition Regulation ("FAR"), or (ii) incorporated in full text or by reference from any agency regulation that implements or supplements any FAR provision, shall be construed and interpreted according to the

federal common law of government contracts as enunciated and applied by federal judicial bodies, Board of Contract Appeals, and quasi-judicial agencies of the Federal Government.

35. **Integration and Merger.** These terms and conditions together with any long term agreement referencing these terms and conditions, any nondisclosure agreement executed by the parties, and any purchase orders issued to Supplier, including attachments and documents incorporated herein or therein by reference, constitute the entire agreement between MEC and Supplier, and supersede all prior representations, agreements, understandings, and communications between MEC and Supplier. No amendment or modification of this contract or a purchase order will be binding upon either party unless it is set forth in a written instrument signed by authorized representatives of both MEC and Supplier. The rights and remedies afforded to either party pursuant to any part or provision of these terms and conditions, any long term agreement or any MEC purchase order are in addition to any other rights and remedies afforded by any other parts or provisions of these terms and conditions, any long term agreement, purchase order, by law, or otherwise.

## SCHEDULE A

### CLAUSES INCORPORATED BY REFERENCE

#### FOR ORDERS UNDER U.S. GOVERNMENT CONTRACTS

The following clauses from the Federal Acquisition Regulation ("FAR") and the Department of Defense FAR Supplement ("DFARS") are applicable to and incorporated by reference into all purchase orders ("Order") issued by MEC for non-commercial items, see FAR 2.101, in which the ultimate purchaser or end user is the United States Government or any instrumentality thereof. The following clauses shall have the same force and effect as if set forth below in full text. The dates of these clauses are the dates in effect as of the date of the Order issued by MEC. Supplier agrees to flow-down, as required, all applicable FAR and DFARS clauses as such are in effect as of the date of the Order. Supplier further agrees that all notifications and other communications required by these clauses shall be made through MEC's Purchasing Representative, unless the Order specifically provides otherwise.

Except as noted below, the following changes to the FAR and DFARS clauses are made for incorporation of these clauses into the Order in order to make the context of these clauses reflect the contractual relationship between MEC and Supplier: "Contractor" or "prime contractor" or "Offeror" shall mean "Supplier." "Government" shall mean "MEC." "Contracting Officer" shall mean "MEC's Purchasing Representative." "Contract" or "Schedule" shall mean the Order(s) issued by MEC to Supplier. Provided, however, that the terms "Government", and "Contracting Officer", do not change (1) when a right, act, authorization or obligation can be granted or performed only by the Government or its duly authorized representative; (2) when title to property is to be transferred directly to the Government; (3) with regard to FAR 52.203-6, 52.227-1, 52.227-2; and (4) where specifically modified as noted below:
